Espen-

I hope you had a Happy New Year and are getting closer to landing your project, with Nurture Life! Speaking of which, have they gotten back to you regarding all the samples that they received last Wednesday, 12/30?

Please email me a status update with as much detail (finalized sizes & thicknesses, launch dates, Polyester film specs, any special packaging requests beyond CMS using our standard JUMBO boxes, etc.) as possible, so I can review it with my team during our monthly production planning meeting on Thursday, 1/7? Thanks!

Kevin-

Can you please generate a UPS Ground shipment for Espen at TSS, using the info below and a box of:

The entire rectangular area from approximately y=400 to y=900 is completely redacted with a large black box, obscuring all content.

**Is this all the information you need?**

**Espen**

Hello Chris,

So where I stand with this customer at this point is this:

He is waiting on the samples that I specified in the last email. 4 of each size. Now I know that only the 1.5" is available so that leaves us with only half of the samples. My customer wanted the white material, but if all you have right now is green that will have to do. So I think 8 total samples. 4 of each of the 1.5" size, should do, so that is:

outside dimensions: 14 13 6

thickness: 1.5"

a: 14" x 31.5"

b: 3.5" x 36.5"

outside dimensions: 18 14 10

thickness: 1.5"

a: 18" x 36.5"

b. 8.5" x 43"

If you produce 4 samples of each of these in the 1.5" green material with facing on each side, that should be adequate for now. Also like we talked about on the phone if you could write the box dimensions and either a or b on each piece.

**Ship to:**

Nurture Life

230 W Superior St #200

Chicago IL 60654

Attn: Eric Bauer

**Return Address:**

**Thermal Shipping Solutions**

38 Miller Avenue Suite 252  
Mill Valley, CA 94941 USA

Thanks Chris :)

Espen-

I am cutting your samples out of the available 1.5" GREEN Polyester w/film on both sides. Did you still just need (4) samples of each size?

Also did you want me to mark on these samples in any way with a BLACK Sharpie, so your customer will know which part goes with which cooler-size? Thanks!

Hi Chris,

Can you please make 4 of each of these sizes in green poly with facing on both sides:

outside dimensions: 18 14 10

thickness: 1"

a: 18" x 37.5"

b: 9" x 44"

outside dimensions: 18 14 10

thickness: 1.5"

a: 18" x 36.5"

b: 8.5" x 43"

outside dimensions: 14 13 6

thickness: 1"

a: 14" x 31"

b: 5" x 38"

outside dimensions: 14 13 6

thickness: 1.5"

a: 14" x 31.5"

b: 3.5" x 36.5"

Can you please will call these and we will blind ship.

Would like to have this as soon as possible to get my customer to sign on the line and get you rolling.

We will have the customer pay for the cutting dies.

If you don't have 1" just make 1.5" for now.

Please let me know when you can have these made by.

Thanks Chris and Merry Xmas,

Espen
